Everyone remember that our next meeting will be September 20th 2014 at Ruth Wilson's house located at 124 River Road East, Charlestown, IN 47111. 11. VETERANS UPDATE:

a. **NATO Plans New Bases in Eastern Europe**, UPI | Aug 27, 2014: BRUSSELS -- The head of NATO said new **bases** in Eastern Europe will be built to counter potential conflict with Russia. Secretary-General Anders Fogh Rasmussen said the NATO summit next week in Cardiff, Wales, would overcome divisions within the 28-nation mutual security organization and establish opportunities to deploy troops and **equipment** near the Russian border. Poland and the three Baltic countries formerly part of the Soviet Union -- Lithuania, Estonia and Latvia -- have been especially vocal about the anxiety as a potential target for Russian involvement, in light of Russia's recent annexation of Crimea, and its perceived role in helping militants in Ukraine's breakaway eastern provinces. The United States and the United Kingdom support a troop buildup in Eastern Europe; France, Spain and Italy oppose it, with Germany, eager to avoid provocation of Russia, undecided. Sources said the Cardiff summit will likely avoid using the term "permanent" to describe new bases, but a presence in Eastern Europe is likely to begin. The only NATO headquarters east of the former Iron Curtain is in the Polish port city of Szczecin, and is expected to be the hub for the new bases. The collective defense of NATO, in light of Russia's recent moves, will be the focal point of the summit meeting. Former NATO Supreme Commander Adm. James Stavridis suggested Russian President Vladimir Putin's policy of aggression will backfire.

b. **VA Adds Primary Care**, Week of August 25, 2014: The Department of Veterans Affairs (VA) has added primary care to the services available to veterans through VA's Patient-Centered Community Care (PC3) contracts. Eligible veterans are already able to access inpatient specialty care, outpatient specialty care, mental health care, limited emergency care and limited newborn care for female veterans following childbirth under PC3. VA Medical Centers have the ability to purchase non-VA medical care for veterans through contracted medical providers when they cannot readily provide the needed care due to geographic inaccessibility or limited capacity. In addition, VA is reviewing how PC3 may be used to help implement the newly enacted Veterans Choice, Access, and Accountability Act of 2014. For more information on PC3, visit VA's Patient-Centered Community Care (PC3) webpage at www.nonvacare.va.gov/PC3/index.asp.

It also uses survey data to discuss Federal employees' perceptions surrounding the use of these hiring authorities. d. Lawsuit Filed on Behalf of LGBT Vets, Week of August 25, 2014: The Department of Veterans Affairs (VA) was sued in federal court recently by LGBT-rights advocates seeking benefits for the same-sex spouses of veterans living in states that do not recognize their marriages. Lambda Legal and the law firm of Morrison and Foerster filed suit against Secretary of Veterans Affairs Robert McDonald on behalf of the American Military Partner Association in the U.S. Court of Appeals for the Federal Circuit arguing that to deny such benefits is in violation of the U.S. Supreme Court's decision in the *Windsor* case.
